Interstate 10 Construction Update

Bullard Avenue to open on Friday, Dysart Road closure begins next week

[\(Listen to an audio report of upcoming work\)](#)

Upcoming Restrictions

This week, bridge construction continues with scheduled restrictions as part of the I-10 improvement project. Bullard Avenue has been closed underneath I-10 since Monday and will open to traffic Friday, Aug. 1 at 4 p.m. The northbound closure of 107th Avenue underneath I-10 will continue for the next three to four weeks and Dysart Road will begin a weekday closure on Tuesday, Aug. 5 for one to two weeks.

Construction crews will continue bridge work at these interchanges in order to accommodate future lanes within the median of I-10. Drivers are encouraged to use adjacent interchanges as bridge construction continues. Business access will remain open during each interchange closure or restriction.

Project Information

The I-10 improvement project will provide additional lanes between Verrado Way and Loop

101 (Agua Fria Freeway). The freeway expansion includes widening the existing median and adding outside lanes to improve east/west traffic flow in the West Valley.

This project is one of the first elements of the Regional Transportation Plan and is funded through a voter-approved sales tax to improve and construct new transportation options in Maricopa County through 2025. More information on the Regional Transportation Plan is available at www.azdot.gov/ValleyFreeways.

While ADOT strives to inform the public about planned freeway restrictions, during any complex construction project, there is a possibility that unscheduled closures or restrictions may occur. Please visit our [Web site](#) for the most current information about planned and ongoing I-10 restrictions.

Here's an overview of scheduled restrictions on Interstate 10:

107th Avenue

Northbound lanes on 107th Avenue underneath I-10 will continue to be closed for the next three to four weeks. A single southbound lane will remain open to traffic. Motorists are encouraged to use adjacent I-10 interchanges. On- and off-ramps and business access will remain open during the closure and restriction. [View Map](#)
